IMPORTANT MESSAGES

Make your check, money order or cashier's check payable to PNC Bank. All Payments must be funds from a U.S. Bank Account and are subject to PNC's acceptance. Do NOT send cash by mail.

We understand that you have filed for bankruptcy and have not yet received a discharge. None of the information requested in this statement will be used for the collection of any debts or for purposes prohibited by the Bankruptcy Code or other applicable Federal or state law.

INTERNET REPRINT

Your escrow account has a surplus balance of \$236.12. Due to the past due status of your loan, these funds are being retained in your escrow account. Once your loan status is current, you may contact Customer Service about your refund.

The lowest balance the escrow account should attain during the projected period.

LOAN NUMBER: DATE: January 11, 2023

Your projected escrow balance as of 2/28/23 is 2,273.75. Your required escrow balance, according to this analysis, should be 2,192.94. This means you have a surplus balance of \$236.12. If a refund check was issued at the time of the analysis, the check is attached to the bottom of this form.

Once during this analysis period, your required escrow balance should be reduced to a target balance of \$450.28, as it does in August. Under Federal law, your target balance should not exceed an amount equal to two months of escrow payments for taxes and insurance, unless your mortgage document or state law specifies a lower amount.

Projected Activity from the Previous Analysis

This is a projection of the activity for your escrow account from the Previous Analysis. This projection was based on the disbursements anticipated to be made from your escrow account. Compare this projection to the actual escrow activity in the Account History (summarized below).

The escrow payment in this projection may not equal the escrow payment in the Account History if an adjustment was made to collect a shortage or refund a surplus.

Adjustments to the payment and differences between the anticipated and actual disbursements may prevent the actual balance from reaching the projected low escrow balance.
